

Registers

The value of a business owner, or their staff, being able to interact with its customer is immeasurable. Having a strong, sturdy, and easy to use register will leave your attendants in the best possible place to engage in your best form of sales!

Registers can be tailored to suit;

- Store Layout
- Product Range
- Seated or standing attendants
- Ease, or congest, foot traffic
- Bag Holder positions
- Display stands

**INNOVATION IS THE CALLING
CARD OF THE FUTURE**

Anna Eshoo

All of our registers are designed with some key elements in mind, such as ease of use and ensuring there is a strong ergonomic structure for attendants. But the beauty of our customisable registers is the peace of mind they provide; they were built solely for your store!

And as shopfitting specialists, we are only too happy to help build aspects of your store around your register, such as

- Additional counter space
- POS advertising or display equipment
- Security frontage
- Cigarette cabinets
- Impulse Purchase product stands

And any additional components you require will be made to suit **your** register!
