All of our registers are designed with some key elements in mind, such as ease of use and ensuring there is a strong ergonomic structure for attendants. But the beauty of our customisable registers is the peace of mind they provide; they were built solely for your store!

And as shopfitting specialists, we are only too happy to help build aspects of your store around your register, such as

- Additional counter space
- POS advertising or display equipment
- Security frontage
- Cigarette cabinets
- Impulse Purchase product stands

And any additional components you require will be made to suit **your** register!
