

Shelving

The value of a quality made affordable full metal gondola shelving is imperative to any retailer in the supermarket field. Having strong, sturdy, and appealing easy to use merchandise shelving will assist you in the display of your products. Add to this the vast range of HL quality merchandising aids and your customers will always find what they are looking for.

Shelving is standard or custom made for full store lot orders:

- Each bay is 915mm wide (shelf) Chrome, Zink or powder coat
- Shelving depths can be 350, 400, 450, 470, 510 mm
- Shelving heights standard are 1200, 1300, 1550, 1850, 2100, 2280, 2400 mm
- Top cap shelves can be full metal wire or pre finished particle.
- Backing can be Mesh or Volcano punch panels

A Specially designed shelving systems for Liquor is imperative.

Your shelving has to be able to present your product in the most appealing way as well as take the extra weight of the product. Our liquor shelving will hold up to 350Kg on each 915mm shelf with the addition of a front and rear support rail.

If required we can also install security Glass sliding doors to areas of the display with the more expensive products that you want behind Lock & Key.
